TROOPS ARE COMING HOME

Prevalence of Yellow Fever at Santiago Creates Alarm.

SHAFTER'S SOLDIER'S ARE BEING BROUGHT BACK IN HASTE.

Santiago, Aug. 5.—Special—There is great joy among the troops here over the orders received yesterday by Gen. Shafter to move his soldiers to the United States at once. The embarkation will begin today on transports now here. Others will be moved as fast as ships arrive.

Spain's Best Ally.

Washington, Aug. 5.—Special—The ravages of yellow fever among the troops in Cuba are becoming serious, and the recalling of the entire army is being considered. It may, indeed, become necessary if its complete extinction as a fighting force is to be avoided. There is, too, a suspicion that to the prevalence of the fever among our soldiers is due the delay of the Madrid government in making definite answer to the peace terms offered by President McKinley. It is openly stated that the Spanish government has been looking to this ally with much confidence, and will use its arrival as a lever with which to extort from the United States better terms than could otherwise be hoped for. Not only here but at Madrid Yellow Jack is regarded as Spain's best ally.

The Effect of Criticism.

Washington, Aug. 5.—Special—While the war department is restive under the criticism regarding its management of many details of the war, and all officials are mad through and through over what they term the insubordination at Santiago, with its climax in the publication yesterday showing the desperate condition at Santiago, Shafter is being attacked by the entire headquarters staff for permitting the facts to reach the public, and threats of court martial are numerous. Now that the condition of affairs is made public every effort will be made to get the forces of Shafter home.

The Auxiliary Navy.

Washington, Aug. 5.—Special—The war board visited the white house this morning for the purpose of inducing the president to continue the auxiliary navy in existence for several months at least instead of cutting down the force at once as contemplated. It is represented that after peace is concluded small vessels will be needed in the West Indies for a long time for police duty.

Not Very Confident.

Washington, Aug. 5.—Special—Confidence that Spain will accept the peace terms by Saturday is still expressed in administration circles. It may be so, but reports from Madrid are not reassuring. The reports of the condition of the American army at Santiago may encourage Sagasta to hold out. It is reported today that President McKinley has granted Spain's request to have the treaty signed in Paris.

To Move Against San Juan.

New York, Aug. 5.—Special—A special from San Juan Point says the monitors Amphitrite and the Puritan, cruiser Montgomery, and other American war vessels are at anchor there. The fleet will proceed against San Juan.

Ships For Dewey.

Washington, Aug. 5.—Special—It is probable that several ships will be sent to Dewey from Atlantic waters in the near future to reinforce the Asiatic squadron and give Dewey's ships a chance for needed overhauling.

Wounded Soldiers Arrive.

New York, Aug. 5.—Special—The transport Lee with wounded soldiers from Santiago aboard, anchored off quarantine this morning.

Chamber Sittings Suspended.

Madrid, Aug. 5.—Special—Captain General Blanco has reported to the government that he has suspended the sittings of the Cuban chamber.

SCOFIELD MEN

Delegates Who Will Support the Administration.

Friends of Gov. Scofield and the republican party should rally to the support of the administration this afternoon. Down the men of the La Follette machine, because they are "firing on the flag."

The polls of the caucuses will be open from 4 o'clock this afternoon until 8 o'clock this evening, at the regular voting places at which the primaries were held—one place in each ward.

If you did not vote this afternoon, do not fail to do so tonight.

Delegates who will vote in favor of Gov. Scofield and Congressman Cooper are:

FIFTH WARD.

The Fifth ward only placed four delegates in nomination for both state, congressional and assembly district conventions. Both delegations are said to be equally divided in favor of Gov. Scofield and Congressman Cooper.

Roosevelt Will Resign.

Washington, Aug. 5.—Special—It is rumored here that Colonel Roosevelt has signified his intention of resigning his commission as soon as his command reaches the United States.

Fears of An Epidemic.

New York, Aug. 5.—Special—Dr. M. McCook, chaplain of the Second Pennsylvania, arrived from Santiago this morning. He said unless the army is speedily removed yellow fever will become epidemic.

RIOTING AT OSHKOSH

Many Arrests Made of Those Who Attacked the Non-Union Wood-Workers Today.

Oshkosh, Aug. 5.—[Special]—The attempt to operate the Morgan plant caused a renewal of the rioting which characterized the inception of the woodworkers strike a couple of months ago. For a time this morning the situation looked very grave, but after the police had arrested seven men and

nine women, the mob dispersed but it is now believed the local authorities will have to call on the state for aid. More trouble is looked for tonight when non-union workmen leave the mill to go home.

The open air service which was to have been held at the Mary Kimball mission last Wednesday night, was postponed until tonight, on account of the rain. There will be a solo by Miss Bertha Watkins, and other good music. The lawn will be illuminated by Japanese lanterns. Everybody welcome.

SAGASTA'S ADVISERS

Spanish Premier Takes Counsel of Leading Citizens.

TO DETERMINE ACCEPTANCE OR REJECTION OF CONDITIONS.

London, Aug. 5.—Special—Much importance is attached to the conference of Premier Sagasta with the leading men of Spain who have been summoned by him to confer relative to a peace with the United States. Sagasta is solicitous relative to his tenure of power, and wishes to do nothing without the support of the leaders of his party. The sentiment throughout Spain is so overwhelmingly for peace, however, that there appears to be little doubt of a decision favorable to the acceptance of President McKinley's terms. The conference will take place today, and it is believed a reply to the United States will be sent tomorrow.

Tired of Parleying.

Washington, Aug. 5.—Special—There will be no parleying with Spain over the terms of peace. This statement has been communicated to Premier Sagasta by M. Cambon, the French ambassador, by direction of President McKinley. The president is naturally much irritated at the technical and puerile objections to some of his propositions that have emanated from Madrid. He realizes that they are made with the sole purpose of gaining time in which Spain may work upon the sympathies of European powers, and he will not submit to such trifling any longer. Spain must accept or reject the terms offered her, in their entirety, promptly or abide the consequences. There will be no emendation of the terms offered except in the direction of greater severity.

No Special Session Probable.

Washington, Aug. 5.—Special—There is less talk today about a special session of congress to ratify a possible treaty of peace with Spain. It is likely that the preliminary arrangements toward a peace will occupy about three months, and would not be concluded until a date near that for the regular assembling of congress. The matter could therefore be safely left for consideration at that time. Then the evacuation of Cuba by the Spanish troops would occupy at least sixty days, and until the last armed man had embarked for Spain there would be no assurance that the Madrid government was acting in good faith. There is nothing, therefore, to warrant the reports sent from here of an impending call for an extra session of congress.

Spaniards Can't Get Away.

Washington, Aug. 5.—Special—It is reported that the administration has declined to act upon the inquiries made by Spain concerning the manner in which Spanish troops in the West Indies will be transported home. The statement is made that Spain has neither the vessels or money to make the transfer. The president has declined to supply either boats or cash, and while he desires Spain to act promptly, will give a reasonable time for the evacuation.

An Injustice to Roosevelt.

Washington, Aug. 5.—Special—Friends of Colonel Roosevelt assert that the letter referring to the regular and volunteer soldiers made public by Secretary Alger was a personal communication. The secretary's action, they say, was an injustice to the commander of the Rough Riders.

Will Not Go to Porto Rico.

Washington, Aug. 5.—Special—The proposed expedition to Porto Rico under Gen. Wade will probably not get away for some time, if at all. Most of the army transports are to be used to bring Shafter's army from Santiago. Peace negotiations may render it unnecessary for the expedition to go.

Gen. Lee For Cuba.

Washington, Aug. 5.—Special—There is a report in official circles that orders have been sent to Maj. Gen. Lee, at Jacksonville, to prepare his forces for an early move to Cuba.

THE STORMING OF SAN JUAN HILL, NEAR SANTIAGO, JULY 1. THE HEAD OF THE CHARGE. FROM HARPER'S WEEKLY

AFTER A DRAWING BY FREDERICK REMINGTON. Reproduced from Harper's Weekly. By Permission. Copyright, 1898, by Harper & Brothers.

As Stephen Crane says, in his account of the action at San Juan on July 1, "It was like Inkerman, where the English fought half-leaderless all day in a fog, only the Cuban forest was worse than that fog. In these woods, unknown to some, including the Spaniards, was culminated the gorgeous plan of taking an impregnable position. One saw a thin line of black figures moving across a field. They disappeared in the forest. The enemy was keeping up a terrific fire.

Then suddenly somebody yelled, 'My God, there go our boys up the hill!' 'And up to the hill they went, straight into as pitiless a hail of lead as ever soldier penetrated. Through the tangled barb-wire fences, over the trenches, some with grimly set lips, others cursing and muttering and shouting; up, up they went, while there comrades fell around them. The Spaniards did not understand such charges, and wandered in a vague way, while shooting with their terri-

ble Mausers, when the Americans would turn tail and retreat. They did not know the American soldier as well then as they do now. With a roar the regulars reached the block house, and San Juan was ours." Frederic Remington's picture in Harper's Weekly, from which our illustration is made, is a stirring portrait of the last moments of this charge. There is nothing that daunts the American soldier—defective organization, deficient equipment, ben-

life on board of transport, heat and fever of tropics, insufficient transportation, lack of food, lack of protection by artillery fire—nothing that daunts the American soldier. He is full of patience, cheerfulness, kindness, and affection for his staunch and dauntless friend, the officer of the line. There will be others to sing the deeds of the superiors, and always deeds aptly to be sung, but a voice should be lifted for the plain soldier and the officer of the line.

SOLDIERS' REUNION WAS A GRAND AFFAIR

MORE THAN THREE THOUSAND VISITED CLINTON.

Rousing Reception Given to Gov. Scofield—His Excellency Makes a Short and Feeling Speech—Congressman Cooper Received With Enthusiasm and Makes Address.
Clinton, Wis., August 5.—[Special]—The Soldiers' and Sailors' reunion here yesterday was a notable gathering. Book and Walworth counties were both well represented. More than 3,000 visitors were here, making the largest crowd Clinton has ever entertained. The streets were spanned with arches and hung with flags. Every residence and place of business was decorated. A salute of thirteen guns was fired at sunrise, another of seventeen guns for the governor at 1 o'clock, and a third of twelve guns at sunset.

The forenoon was given up to a ball game between Janesville and Clinton, the latter nine winning by a score of 7 to 2.
The governor's reception. The governor was given a rousing reception on his arrival. He was escorted by 500 veterans to the home of Mayor Judson Barker, upon whose lawn the exercises of the afternoon were held, where he reviewed the parade. It was the finest display ever seen in Clinton. Twenty floats were in line, representing the business interests of the town. Most of them were very elaborate. The Janesville Imperial band, the Edgerton Juvenile Drum corps and the Evansville band, the latter, through the courtesy of D. C. Griswold, furnished the music. At least 5,500 people attended the exercises of the afternoon. Gov. Scofield, who was introduced as the "next governor," and Hon. H. A. Cooper, the orator of the day, were given rousing receptions. Gov. Scofield, in his speech, said:

Gov. Scofield's Address.
I have asked myself many times since the present war began, "What is the secret of the cheerful, ready response to call for troops which we have seen during the last few months? And I am reminded by the sight before me, the secret is that the young men of this country have a heritage of patriotism. It was not merely to save

PRESIDENT STILL WAITING.

Spain Has Not Replied to Our Peace Terms.

NO UNEASINESS IS FELT.

Administration at Washington Confident That the Spanish Government Will Accept Our Proposals—Commission to Meet in Paris.

Washington, Aug. 5.—President McKinley is now waiting for Spain's final acceptance of the terms laid down by the United States as the basis on which peace negotiations are to be conducted.

Spain not only knows the terms on which the United States will negotiate, but she knows now, as a result of the conference of Ambassadors Cambon with President McKinley Wednesday, that those terms will not be changed, and that she can do one of two things—either accept them in their entirety and bring hostilities to an end or reject them and let the war go on.

The president is convinced as a result of his latest conference with Ambassador Cambon that Spain will accept. He believes that the Spanish government has had enough of fight, and realizes that if the war is continued the conditions will be made much harder in the end.

There is only one thing about which the authorities are uneasy. They are afraid that if the Spanish government learns the truth about the deplorable condition of Major Shafter's army at Santiago Senor Sagasta and his associates may be encouraged to continue the war, relying on the climate and the fevers of the West Indies to prove more efficient in defeating the armies of the United States than are the Spanish soldiers.

For this reason the war department has instituted a strict censorship on all cablegrams going to Europe in which any reference to the health conditions in the American camps in Cuba is made. It may be impossible, however, to keep the information from Spain, as the foreign embassies and legations here have doubtless informed their governments of the situation, and the truth may leak from some other European capital to Madrid.

When Spain's final acceptance of the American terms for the basis of peace negotiations is received, a document in the nature of a protocol will be drawn up and signed on behalf of the United States by Secretary Day and on behalf of Spain by Ambassador Cambon. As explained by two members of the cabinet, this will not be a treaty of peace, but will be merely a protocol or formal agreement as to the terms on which the United States and Spain are to proceed to the negotiations of a treaty of peace.

Its immediate effect will be to suspend all hostilities between the two nations and to definitely end the war as far as Cuba and Porto Rico are concerned, but it will leave the American and Spanish armies still confronting each other in the Philippines and ready at any time to renew the conflict if there should be a failure in the negotiation of the final treaty.

This view of the character of the first instrument that is to be drawn up will make an extra session of the senate unnecessary, for it will not be a treaty and will not require ratification by the senate, and by the time the final treaty is agreed to congress will be in regular session.

Ambassador Cambon was very urgent in his request that Paris be specified as the meeting place of the peace commissioners, and the president yielded to him on this point.

It is said that this is the only amendment that the ambassador was able to secure in the document.

IN MEMORY OF THE PRINCE.

Memorial Services Held at Berlin—Herbert Bismarck Not Present.

Berlin, Aug. 5.—The funeral services held here Thursday in memory of Prince Bismarck were attended by the emperor and empress of Germany, the various German princes and princesses, all the members of the diplomatic corps and the chief military and civil dignitaries.

The ceremony was brilliant and impressive as regards court display, but quite disappointing in other respects. It bore traces of haste and half-heartedness. Perhaps the most disappointing feature, though it was known beforehand, was the fact that not a single member of the Bismarck family attended. The royal pew, set apart for their accommodation, remained conspicuously and significantly empty. The incident was emphasized by the fact that Prince Herbert Bismarck came to Berlin during the afternoon on private business.

Rumor of an Ocean Disaster.

St. John's, N. F., Aug. 5.—The telegraph operator at Tilt Cove, the most northern office of Newfoundland, wires that a report has reached there of the loss of a large transatlantic line steamer in the vicinity of Belle Isle, with all hands. The operator says it seems likely there is truth in this report, because the Labrador steamer Virginia Lake has been delayed two days, which might be accounted for by her being at the scene of the wreck. Full details cannot be got until the mail steamer reaches Tilt Cove.

Many Woolen Mills Shut Down.

North Vassalboro, Me., Aug. 5.—The woolen mills owned by Samuel Williams, of Boston, and Thomas Sampson, of Winslow, have shut down for an unknown period, owing to poor markets. About 600 hands are thrown out of employment.

MORE GOLD BROUGHT DOWN.

Steamer Manuana in from St. Michaels—Many Are Returning.

Victoria, B. C., Aug. 5.—The steamer Manuana arrived from St. Michaels, Alaska, with 260 passengers and between \$150,000 and \$200,000 in gold dust. Of the list of passengers only thirty-four were miners who had spent as much as one winter in the mines, the remainder being those who had gone there this spring and concluded not to remain. The passengers all agree in the statement that hundreds of men are arriving in St. Michaels daily from Dawson and vicinity and seeking passage to the states, and that there are upward of a thousand men in that part who have lately come from coast ports and are trying to get up the river. Many are turning back after learning the condition at Dawson and up-river points. A larger part of the Manuana passengers are returning to their homes in California, Washington and Dakota. The river steamer Monarch is reported arriving about two hundred and fifty miles from Dawson.

Massachusetts Officers Resign.

Boston, Mass., Aug. 5.—A special telegram to the Journal from Ponce, Porto Rico, says:

A tremendous sensation has occurred in the Sixth Massachusetts, which is in Gen. Garretson's brigade. The friction between the line officers and the officers of the brigade, which has been growing ever since the command left Cuba, reached its climax Monday, when Col. Woodward, Lieut.-Col. Chaffin, Maj. Taylor, Chaplain Doussault and Capt. Goddell of company K resigned their commissions. The exact reason which prompted them to take this action is not at present known. The cause must have been serious indeed. The matter has been fully reported to Gen. Miles and a rigid investigation has been ordered. By military law to resign in face of the enemy means a court-martial.

Reducing Expenses of the Navy.

Washington, Aug. 5.—Secretary Long is now devoting a good part of his attention to reducing the expenses of the navy department, which were so vastly increased by the war. In this he is carrying out the wishes of the president, and it is expected that as a military policy, will be adopted by all of the other executive departments affected. One of the steps adopted by the navy department is the reduction of the fleet of auxiliary vessels. Such of these as are unnecessary, but owned by the government, will be retired from commission, while in other cases, like the American liners, the navy department will surrender the vessels to their owners and cancel the charter.

No More Troops for Alaska.

San Francisco, Aug. 5.—Maj.-Gen. Merriam has decided to send no more troops to Alaska this season. A year's supplies for the troops now there will be ordered sent from Seattle at once. There are not many soldiers in Alaska now. A company of the Fourteenth United States Infantry is at Sitka, and there is one at Wrangle. Three officers and fifteen men are now trying to get up the Copper river, seeking a trail to Belle Isle on the Yukon. A similar party is working up Susitna river to cross the Tanana river by way of Good Pastor river, Volkmar and Birch creeks to Circle City. Still another party of three officers and twenty men is at St. Michael's.

Missionaries Are in Danger.

San Francisco, Cal., Aug. 5.—News of an impending revolution in China is furnished by G. E. Sevey, president of the American Steam Navigation company, who arrived on the steamer Doric. He fears a violent outbreak among the hordes of Chinese in both the northern and central provinces and believes that great loss of life and destruction of property will result. The missionaries scattered throughout the country, he thinks will be great sufferers.

Persons Much Interested.

Washington, Aug. 5.—Baron Speck von Sternberg, in charge of the German embassy, in the absence of Ambassador von Holleben, was at the state department today conferring with the officials. The German authorities, and, indeed, all of the foreign representatives here, are naturally greatly interested in the progress of the peace negotiations, and they are keeping their governments fully advised of the various stages.

Study of Durrant's Life.

San Francisco, Aug. 5.—It has been learned that the national bureau of education is making an exhaustive inquiry into the life of Theodore Durrant, under the direction of specialists in criminology.

FREE COINAGE IN INDIA.

London Report Tells of a Reopening Soon for Silver at 22 to 1.

Denver, Col., Aug. 5.—A special to the Times from Washington says: "Information was received here from London through private channels to the effect that the Indian mints are to be reopened to free coinage and the assertion is made that this will occur at an unexpectedly early date. The report of the Indian commission is to be published before Sept. 1, and this is expected to throw some light upon the details of the matter.

"The announcement that the important step of reopening the mints will take place comes from a source which is usually reliable. There is a strong effort to have the ratio changed from 16 to 1 to 22 to 1, and it is asserted that a willingness to assent to this change has been evinced by both the United States and France. The establishment of a ratio of 22 to 1 would have the effect of increasing the present price of silver, but it would, on the other hand, probably prevent forever the restoration of the ratio of 16 to 1.

"There is some disposition to doubt the accuracy of the information, but this doubt appears to arise largely from the fact that it is unexpected."

Against a European Alliance.

London, Aug. 5.—The Daily News publishes an interview with Gen. Charles Grosvenor, member of the house of representatives from Ohio, who is now in London. In the course of which Gen. Grosvenor is represented as having said: "I do not believe that the United States is prepared to enter upon a permanent alliance with any European power. Neither would America accept any European dictation. We have grown 'that big' already."

Leaves "Fitz" Out in the Cold.

New York, Aug. 5.—Billy Delaney, representing Jim Jeffries, the aspiring California heavy weight fighter, Thursday signed articles of agreement to bind a match between Jeffries and Corbett. The articles call for a bout of twenty-five rounds, to be fought at any time within three months, before the Lenox Athletic club of this city.

Strike Practically Ended.

Oshkosh, Wis., Aug. 5.—The developments Thursday afford promise that the woodworkers' strike, after continuing three months, is practically ended. There was no disturbance whatever, and the crews thus far obtained in the various mills are proving sufficient at present to handle the greatly curtailed amount of business.

Indians in Ugly Mood.

Tahlequah, I. T., Aug. 5.—The Indians are in an ugly mood over the open avowal of Chief Mayes in his message to the Indian council favoring allotment. Full bloods are sullen and threaten the lives of progressive Indians if they vote on a measure favoring the acceptance of the Curtis bill. They say they will leave the country and before going will give evidence of their opposition to the white people's invasion of their land.

Will Not Oppose Settlement.

London, Aug. 5.—Advices from Madrid state that Sagasta has received assurances from Campos and other party leaders that they will not oppose in the Cortes the settlement of the war on the terms proposed by the United States.

TELEGRAPHIC SERVICE.
The Gazette receives the full daily telegraphic report of the Scripps-McLellan Press Association.

Wausau Record.—The Milwaukee News, a common scold devoted to free silver, free trade, riot, battle, murder and sudden death, is laboring overtime in the interests of the La Follette faction. The News men will leave their beds before breakfast and work between meals to encourage trouble and discord at any time and this accounts for the complexion of their paper, a rank Populistic sheet of the Kansas order, which presumes to support the cause of a republican who seeks to rule his party and whose rule would be followed by ruin.

Oakbrook Northwestern.—We regret to see our esteemed contemporary, The Milwaukee Sentinel rather pathetically chiding the other republican papers because they do not agree with it in its crazy scheme to advance La Follette's interests by a suggestion of "compromise." Is it not a little singular that The Sentinel should be alone in its scheme and the other republican papers of the state, or at least a vast majority of them, solidly opposed to it?

Editor Wheelock. of the Wausau Record, accuses Mr. La Follette of "working" the Modern Woodmen, with which society he is affiliated, by having access to lists of members and loading them down with his documents. Mr. Wheelock need not worry over the matter. The Modern Woodmen are intelligent men and good citizens. Anyone who undertakes to "work" them, will fail.

Fond du Lac Commonwealth.—The only representatives in congress from this state who are serving their third term, are Cooper, of the First district, and Babcock, of the Third, and the chances are that both will be returned. They have made themselves conspicuous in the house, and this fact will thwart any scheme to compass their defeat.

The Racine Journal shows a commendable spirit in promising Congressman Cooper its hearty support. The Journal opposed him but since the party has registered its preference The Journal gracefully accepts the situation and will further the common interest of the party to the best of its ability. This is as it should be.

The Fond du Lac authorities are having a discussion as to whether or not a certain resort should be closed up. There should be no debate in such a case. "When in doubt, close up the place," would seem to be a pretty good motto.

Monday is "convention day" with a vengeance. As will be seen by consulting the calls published elsewhere, five conventions will be held in Janesville between 10:30 a. m. and 2 p. m.

There is still hope for "Darkest Russia." Consternation was caused recently in the Russian court by an order from the Czarina forbidding cigarette smoking in her presence.

The end is in sight and there is every indication that Gov. Scofield will win by an overwhelming majority.

Madison Democrat.—Governor Scofield bears himself with dignity, and takes a position that wins respect from all.

GEN. RANDALL'S NEW POST

Janesville Officer Has Been Assigned to Duty at Montauk Point

A dispatch from Washington says that Brig.-Gen. George M. Randall, of this city, has been ordered to Montauk Point, L. I., where he will assist Major-Gen. M. D. Young in the administration of the affairs of the post. Montauk Point is one of the most important stations on the North Atlantic coast, as it guards the entrance to New York harbor, and the fortifications there are among the most formidable on the coast. The garrison consists of a strong detail of artillery, besides infantry and marines that may be needed in case of attack. The position to which Gen. Randall has been assigned is a very desirable one, and his many friends in Janesville will be pleased to note that his services are so highly appreciated by the war department.

GOLFERS WERE IN FINE FEATHER

THE MATCH AWAKENED MUCH INTEREST.

Cream City Men Enthusiastic Over the Mississippi Links—Playing Was Excellent On Both Sides, and the Many Spectators Were Highly Pleased.

The golf match between Milwaukee and Janesville, yesterday, was interesting in a high degree. Milwaukee was represented by some of the strongest players in the club, and the home team had no reason to expect victory, but under all the circumstances made a surprisingly good showing. The visitors had new problems presented when it came to "approaching" the hill greens, and at those holes they found their heaviest handicaps. They were delighted with the general contour of the course, however, and were enthusiastic over the view afforded in every direction. The match was won by Milwaukee by a margin of five holes, the scores of the opposing pairs being as follows:

MILWAUKEE.	JANESVILLE.

Capt. A. H. Houston.....	W. H. P. Parker.....

Total..... 16 Total..... 11
J. C. Wall, handicapper of the Milwaukee club, gave valuable aid in getting the players away and keeping the home green clear.

Two hundred people watched the match, the home green being flanked by a line of carriages filled with ladies.

Last evening fifteen of the Janesville club took dinner with the visitors in the ordinary of the Hotel Myers.

It is expected that the return match will be played in Janesville about the middle of September.

COLORED PEOPLE CELEBRATE

Observance of the Emancipation of Slaves in the British West Indies.

A good sized delegation of colored men and women were in the city this morning on their way to their homes north of this city. They were in Rockford, yesterday, where they observed by a celebration at the fair ground the emancipation of the slaves in the British West Indies in 1838. Dinner was served in one of the eating halls, and a most delicious spread arranged.

All reported an enjoyable time, and were somewhat surprised to think that Janesville's small colored population were not in attendance.

A NEW PHYSICAL DIRECTOR

Former Circus Acrobat Will Train Y. M. C. A. Classes Temporarily

J. F. Rudolph, of Oberlin, O., who will act as physical director for the Y. M. C. A. of this city, during the absence of J. Morie Davis, writes Secretary Kline that he will arrive here next Tuesday for the purpose of meeting the board of directors and to arrange for his work. During the past four years Mr. Rudolph has had charge of the physical work at Oberlin college and prior to that time he was a circus acrobat, winning fame by his daring work in the sawdust ring.

FELL FROM A TRAPEZE TODAY

Holley Lane Suffered a Painful Fracture of the Arm.

While playfully performing on a trapeze this morning, Holley Lane, thirteen years old, the son of Mrs. Dr. Lane, of North Bluff street, accidentally lost his hold, and falling to the ground fractured his left arm. Dr. James Mills, who was called, found the break a bad one, the bone being fractured above, and near the wrist.

The little sufferer bore his trouble bravely, and says that in the future he will do no more performing on the trapeze.

CAUSE WON BY PLAINTIFF

Contest Over the Crichon Will Again Come Up in Court

In the circuit court of Rock county, the Crichon will case was again argued. The case was that of Margaret Davidson, administrator, vs. Thomas Crichon, involving the collection of note for \$500 and costs. Judge Bennett, after hearing Dunwiddie & Wheeler for the defendant and Fetters, Jeffris, Field & Mount for the plaintiff, struck out the answer of the defendant and directed judgment.

SOLDIERS' REUNION

WAS A GRAND AFFAIR

MORE THAN THREE THOUSAND VISITED CLINTON.

Rousing Reception Given to Gov. Scofield—His Excellency Makes a Short and Feeling Speech—Congressman Cooper Received With Enthusiasm and Makes Address.

(Continued from page 2)

the country from '61 to '65 that thousands of men gave up the comfort of home and bore the brunt of battle. One of the great results from the sacrifice of the heroes of '61 is that we have a generation of young men and young women imbued with a love of country and with courage and unselfishness to offer their lives freely in protection of their country's honor. We may be disposed sometimes to complain of the Divine law that the sins of the fathers are visited upon the children to the third and fourth generation. We have cheerful, courageous soldiers in 1898 because the fathers of those men were cheerful and courageous in '61 and back of that time. Many of us who fought in the war of the Rebellion are rapidly nearing the end of our lives, and I for one feel that a united country is not the only rich heritage that we are leaving our children. We are leaving them a transmitted love of country, a transmitted patriotism which will again transmit itself to the next generation, and thus many times over all they who fought from '61 to '65 in that of intense moral feeling save their country.

We seem to be nearing the end of this recent struggle, and I know the hope is in the hearts of all that we have seen the last of bloodshed. But there is much yet to be done, and the men who went out from Wisconsin have much yet to suffer before they return to their homes. It behooves us who know something of the suffering of war to do our best to alleviate as far as we may the distress of the soldiers by seeing to it that their families that are left behind do not suffer. And that all may be done to alleviate the discomforts of our sick in the hospitals, shall be done.

I do not say this because I think for one moment that any veteran before me or any member of his family can be neglected concerning the welfare of a soldier, but because we may remember that there is very much we can do.

I desire to thank you for the privilege given me to visit with you and to appear before you. As I have frequently said at other meetings of this kind, there is no gathering which seems to appeal so directly to my sympathies and awaken such tender feelings as the meetings with the veterans of the late war.

Mr. Cooper's Speech.

Mr. Cooper's address was eloquent and patriotic. He was frequently interrupted by applause and when he finished a perfect storm of cheers attested the sympathy of the audience with his remarks. He paid a glowing tribute to the boys of '61, saying were it not for their sacrifice and example, the boys of today would not have proven such valiant soldiers. He arraigned Spain, for its centuries of oppression, gave a resume of the events of the present war and closed by saying that in our disposition of our conquered territory, we will consult nothing but the wishes of the American people.

Commander W. J. McNamara, of Janesville, made a short address and Col. E. B. Gray, of Madison gave a five minute informal that was full of wit.

The exercises in the evening were in connection with the teachers' institute and consisted of choros singing by the teachers, music by Hardon's orchestra and an oration on "Sherman" delivered by Prof. Freeman, of the State university.

SWALLOWED A SAFETY PIN

Dr. Stone's Child Suffered No Inconvenience From the Experience

With an open safety pin lodged in its stomach the nine months' old son of Dr. and Mrs. W. G. Stone, of Elgin, was brought to this city from Milton for treatment.

Dr. and Mrs. Stone are visiting friends at Milton, and it was while playing with the safety pin that the child swallowed it. The little sufferer was taken to the office of Dr. James Mills for the purpose of having the pin removed. No operation was deemed necessary, and at the end of four days' time the pin passed from the child's system in the open condition that it had entered. The case is regarded by local physicians as a peculiar one.

In Railroading...

The ...

Overall & Jacket

Constitute the most conspicuous part of the Engineers' and Firemen's wearing apparel.

The Lightning Jumper and Overall

Are particularly adapted to railroad use. Have you seen them? ? ? ? ?

The Overall has a patent apron, a drawer supporter, button hole for watch chain, closed and over-seamed at side, watch pocket, pencil pocket and suspender fastening.

The Jumpers are cut and made with as much accuracy as a custom made coat. Fitting easy over shoulders, long in length, and contain an improved gusset in the wrist band which positively keeps hot cinders, etc., from working up the sleeve. They are over-seamed where there is any strain, and cut to sufficient fullness to allow for all shrinkage.

The Difference we give in convenience, workmanship and material gives the customer better value for his money than any other make. Railroad men are particularly invited to our store to see these garments. Our salesmen will be glad to try on the garments and show you the greatest thing yet invented for your use.

Repair Department busy cleaning and repairing winter garments. How are yours? You'll find they need something done to them. Bring them in now. Don't wait till the last end of the season and then get them half cleaned and pressed.

T. J. ZEIGLER,
Our store is closed Tuesday and Friday evenings only.

SUN'S WAR ON EARTH.

FEARFUL RAVAGES OF HEAT IN AUSTRALIAN COLONIES.

Many People Die From Effects of the Terrible Weather—Bush Fires Destroy Many Large Farms—Clouds of Blinding Smoke Fill the Air—Typhoid Fever Rages.

Disaster and desolation beyond description have overtaken two colonies of Australia. Passengers arriving at Vancouver, B. C., by the Agrangi the other day, blooming in straw hats and blazers, tell a startling story of the terrible heat rays which are withering up a continent. At noon in Melbourne, Victoria, the sun focused a withering ray on the city. Water in the wells sunk into the parched earth, streams dried up and rivers visibly sank as in a falling tide. Hysterical women proclaimed the end of the world. Men, women and children gasped for breath as they prayed to be delivered from a horrible end. The weakest were dying and did not see the dense, opaque vapor which, as the day waned, rolled in from the burning forests and shut out the scorching sun.

Another evil was upon them. The air was thick and murky, alive with blinding clouds. Men would have suffocated or gone blind had they not shut themselves away from the overpowering influence of the mountain of smoke that settled over the city and blotted it out even from the sun's baleful light. But the darkness was worse than the light, and the air was harder to breathe. Relief was soon to come, nature could do no more, but the trial by fire was not over. The elements must kill a few more. Only the strongest must survive. Down from the sky above came a thunderbolt, then another and another. Several buildings were wrecked, and as the people cautiously peeped from their houses the stifling, overpowering smoke fumes were gone and a blinding sheet of rain was falling from the black vapor that had lifted above them. They rushed into the rain and danced and shouted for joy. Nature had decided not to destroy Melbourne.

The darkest hour had passed, and after that rain the atmosphere was worth \$1,000,000 a minute to those poor souls and an hour's respite prepared them for the next period of suffering. The mortality was very large. Besides deaths from heat 255 cases of typhoid fever broke out, with a large percentage of deaths. In the country matters are much worse. Miles of farms are burned, and in New Zealand, as well as in Victoria, bush fires have blotted out whole townships. Settlers are flocking to the towns in hundreds and thousands, half naked and terror-stricken. A few actual experiences chronicled by the easy going Sidney Mail and Australian Telegraph show more truth than fiction.

A Wellington correspondent says bush fires are destroying everything from Hoonville's Gully to Burnside, over a magnificent farming country. The fire jumped from bush to farmhouses, 600 feet, defying the efforts of farmers to stay its course. The sun became eclipsed by the dense volumes of smoke. A Methodist camp meeting was overtaken by fire and the people, mostly women, fled for their lives. Five minutes after the 500 tents were deserted they were in flames. The people ran for miles till they reached a sheep station, where all the women took refuge in a sod dairy and poured milk on the roof all day long as the fire raged around them. The men went on to town. The women were left behind. When rescued, they had slipped their clothing off, dipped it in milk and spread it on the roof. In the meantime thousands of homes were being licked up by the flames.

Crowds continue to come into town blind with smoke, being badly burned. Half of those who reach the town fall into a dead faint from reaction, some never to rise again. Many refused to leave their destroyed homes. One man sent his family to a place of safety, walked back to his burning house and dropped at the door.

Heartrending reports of suffering come from all over the colony. Thousands are arriving in the towns, almost naked and terribly blistered. The most awful experiences are from Poowong. All Poowong—north, south and west—is gone. The flames came quickly, jumping like fire, fiery furies from bush to bush, tree to tree and house to house. The residents left all and fled to save their lives. In some cases flight was impossible. Hundreds of children were lowered into wells in tubs, and those who escaped drowning were saved from the fire. W. G. Pratt dragged his mother-in-law, aged 80, through three miles of bush and saved her. W. Treadwell, his wife, son and daughter, got into a dam and staid there all night up to their necks in water. When taken out, they were parboiled, as the fires had heated the water to boiling point. G. Pratt and two men covered themselves with wet sacks. They are alive, but all blind. All who are alive are wandering about badly burned and naked. Scores of families tell the same story.

They raced with flames, but they dropped from exhaustion. When half unconscious, they would again be aroused by the advancing flames swooping upon them with the noise of a dozen tornadoes, only to struggle on till reached by relief parties with horses. Thousands of people were rescued in burning buildings by a band of 500 heroes who organized to save lives. Jumbunna and Kowmuna are entirely annihilated, and in a score of other districts the scene of desolation baffles description.

The last dispatches state the flames are now under control. Ships cannot move in the smoke, and thousands of rockets are being sent up for ships that may be feeling their way through the dense smoke, half a mile high, that settled on the water. As the Agrangi left an attempt was made to summarize the dead and missing in both colonies.

OHIO MAN IS PRESIDENT.

League of American Municipalities Selects Its Leader.

Detroit, Aug. 5.—The League of American Municipalities adopted the report of its special auditing committee censuring its secretary, B. F. Ollison, of New York, for irregularities in handling of the league's funds. The league, however, re-elected the secretary in consideration of his services in perfecting the organization.

Mayor Black, of Columbus, was elected president by a vote of 31 to 13 for Mayor Maybury, of Detroit. It was made unanimous, and Mayor Maybury was made vice-president by acclamation.

Syracuse, N. Y., was chosen as next year's convention city.

To Make Smokeless Powder.

Cleveland, O., Aug. 5.—W. E. Irish, H. E. Anderson and B. Davenport of this city have incorporated a company in West Virginia for the manufacture of smokeless powder. The capital stock is \$500,000, with the privilege of increasing it to \$1,000,000. The company has secured contracts to furnish large quantities of smokeless powder for the government. It will deliver 10,000 pounds each week. The plant will be in the vicinity of Cleveland.

One Junta Out of Business.

New York, Aug. 5.—The Porto Rican Junta of New York has disbanded. At a meeting held in this city resolutions were adopted unanimously winding up its business affairs. In its stead an "advisory committee" will look after the affairs of the island here and the interests of Porto Rican emigrants expelled because of their political affiliations. A letter of thanks will be sent to Gen. Miles.

United States Will Not Interfere.

London, Aug. 5.—The Rome correspondent of the Standard says: "Italy, having notified the United States of her intention to land a military force somewhere in Colombia, in default of a compliance with her demands in connection with the Cerruti claim, the American government replied, recognizing Italy's full right to do so and expressing the hope of a pacific solution."

Trains Collide on a Bridge.

South Norwalk, Conn., Aug. 5.—West-bound way passenger train No. 59 collided head-on Thursday afternoon with a switching freight train from the Danbury division on the Washington street bridge. Isaac Davis, a freight brakeman, was killed and the engineers and firemen on both trains were more or less injured, but the passengers suffered only a severe jolting.

Young Goes to Long Island.

Washington, Aug. 5.—Gen. Young left Washington today for Montauk point, where he will take command. The Louisiana is due to arrive Saturday with the first detachment of Wheeler's cavalry. Gen. Young will establish a hospital there, but the camp is not intended for the Santiago sick. The invalids are to be taken to other places.

Bodies from the Bourgogne.

Halifax, N. S., Aug. 5.—The steamer Hiawatha, which went out in search of bodies from the Bourgogne, put into Canso Thursday, having found thirty bodies and buried them. She has sailed again to continue the search.

Sayers Nominated in Texas.

Galveston, Texas, Aug. 5.—The state democratic convention closed its labors by nominating Joseph D. Sayers by acclamation for governor. The platform adopted indorses the Chicago platform in its entirety.

Missionaries Elect President.

Eureka, Ill., Aug. 5.—The Illinois Christian missionary convention elected J. H. Smart, Centralia, president.

Why?

There's many things I wonder why—Which no one ever seems to know—Why stars stay always in the sky—And never tumble down below? Why grown up people never see—When they are interrupting me?

Why I am not allowed to play—With nursery's nephew, William John, And why the sun smiles down each day—Directly at my nose and chin? And where it lays its shining head, And if it likes to go to bed?

Why fairies never come to me—When nursery with me in the room, And why the cat is so shouldn't be—A princess with a horse and groom, And why you never seem to hear—Why is the world so very queer?—Willard Wilson Gibson in Sketch.

Longest Fence in the World.

The longest fence in the world is probably that which has just been finished by the Erie Cattle company along the Mexican border. It is 75 miles in length and separates exactly for its entire distance the two republics of North America. The fence was built to keep the cattle from running across the border and falling easy prey to the Mexican cow punchers. Although it cost a great deal of money, it is estimated that cattle enough will be saved in one year to more than pay for it. It is a barbed wire fence, with mesquite and cottonwood poles, and for the entire length it runs as straight as the crow flies.

LATE NEWS BY TELEGRAPH.

WILL LEAVE CUBA AT ONCE.

Gen. Shafter's Army to Be Hurried Home.

NO MORE PROCRASTINATION.

As Fast as Transports Can Be Secured the Men Will Be Taken from the Fever-Infected Island—Soldiers Rejoice at the News.

Santiago de Cuba, Aug. 5.—The cavalry division of Gen. Shafter's army starts home within the next few days. The rest of the troops will be shipped north as rapidly as possible. There are eight transports here now and more ships have been ordered. The troops have received the news that they had been ordered home, and it produced wild enthusiasm. The sick men in the hospitals leaped from their beds with joy, many only to fall back fainting. The spectators of the scenes craved to see the troops and hear the sobs of these war soldiers.

It is clearly established that there is yellow fever here, but the cases are few and light. The sick report shows a marked improvement among the regiments. The Illinois and Michigan troops are in fair condition.

Col. Turner has sent word to the friends of the First Illinois regiment that there are no immediately dangerous cases among the sick men of his command, but that the entire regiment is taking turns at having fever. Drs. Millard, Roberts and Wells unite in saying that there are no cases of genuine yellow fever among the men of the regiment as yet, but that the conditions are threatening. Unless this army gets out of Cuba quick nothing but coffins will go home. There can be no doubt as to the accuracy of this view of the situation.

Black vomit begins here Aug. 15 in yellow-fever cases, and that means death to this emaciated army. Petitions have been signed by every general officer and surgeon in Gen. Shafter's command protesting against Secretary Alger's order directing that the army be moved to San Luis. Over 4,000 soldiers are now sick with dysentery, typhoid fever, malarial fever and yellow fever. Thus far the cases of yellow fever have been light. Most of the deaths have been from malarial fever. Officers and soldiers alike bitterly criticize Surg.-Gen. Sternberg's recommendation to Secretary Alger regarding the disposition of the army in mountain camps in Cuba. Washington officials evidently had grown hysterical over the talk of yellow fever and the danger of infection at home. Foolish advice and cowardly fears might cause the deaths of thousands of these brave and long-suffering soldiers if the army were compelled either to march to San Luis or to remain here in Santiago three weeks longer.

Malignant malarial fever is epidemic at San Luis. The railroad running to that point can only transport 600 persons a day. The general officers of the army declare the San Luis scheme absurd. They say that over 75 per cent of the army is now unfit for duty and that three-fourths of the men could not now stand a march of five miles.

Transports to convey the Spanish prisoners back to Spain are expected daily. The Spanish soldiers are eager to go back. They keep day and night watch for transports flying Spanish colors.

TROOPS IN DANGER.

Total Obliteration of Shafter's Army Threatened.

Washington, Aug. 5.—Secretary Alger has administered a severe rebuke to Gen. Shafter. The war department officials say that the general's indiscretion has brought him into disgrace. Two serious offenses have, in the eyes of Secretary Alger, been committed by Gen. Shafter. One is his making public, prior to its receipt by the war department, of the report of Gen. Kent, describing the conduct of the troops of his division and reflecting on the behavior of some of the volunteers.

President McKinley and the secretary of war are greatly exercised over this act of the commanding general's, viewing it as a serious departure from military usage as well as being impolitic. Secretary Alger sent in consequence a telegram admonishing Gen. Shafter not to give out such information in the future.

Again the permission given by Gen. Shafter to the press to make public the letters of Col. Roosevelt and other officers at Santiago, revealing the desperate condition of affairs there, has quite astounded the war department. The president and Secretary Alger view almost with dismay the wide publicity given this news. Instead of having it kept secret, and they have lost no time in taking steps to prevent its being communicated to Spain. To this end the censorship of foreign dispatches has been resumed, and in this way the war department hopes to nullify the possible effect of Gen. Shafter's action.

Take Another Town in Porto Rico. Arroyo, Porto Rico, Aug. 2, via St. Thomas, D. W. I., Aug. 5.—The third landing of American troops in Porto Rico took place here today from the U. S. S. "Albatross" and the "St. Paul," the army.

to fight and laid down their arms. The civil guards gathered up these guns and carried them out of town before the naval vessels landed men, refusing to join in the surrender. They started for Guayama, but so far as indications go they did not reach there, but hid themselves along the road. They took all the arms and records from headquarters and cut the wires connecting Arroyo with Guayama.

Ten Spanish Ships Destroyed. Washington, Aug. 5.—The navy department has received full reports of the naval operations against Manzanillo on July 18. They show that much more damage was done than is generally understood. The reports specify that ten Spanish vessels were burned, sunk or destroyed. The list as given is as follows: Gun vessels Maria Panton, Delgado Perado, Jose Garcia and Cuba Espanola burned; transport Gloria and merchant steamer Purissima Concepcion sunk; Estrella, Guanatanamo, Guardian and Sentinel Delgado destroyed.

May Not Go to Porto Rico. Camp Alger, Va., Aug. 5.—Camp reports say it is not certain that the Third Virginia, First New Jersey, First Rhode Island and Fourth Missouri regiments will go from Camp Alger to Porto Rico. It is said that Gen. Graham and Butler desire to have the present corps organization held intact. Reports have reached Camp Alger that the site chosen near Manassas is as unsanitary as the old camp, but it is not known whether the report is correct.

Encyclical to Spanish People. London, Aug. 5.—The Rome correspondent of the Daily Mail says: "The pope is preparing an encyclical ordering the Spanish clergy to avoid all political strife. His holiness will also send a letter to the Spanish people to be read in all the churches, praising the present dynasty and counseling the preservation of internal peace. Both documents are intended to be anti-Carlist in their influence."

Lightning Kills Artilleryman. Tampa, Fla., Aug. 5.—Lightning struck a tent in the camp of the heavy artillery at Camp Rogers during the heavy thunderstorm last night, killing one man and so severely shocking two others that they may die from the effects. The man killed was Private Gurnsey, a recruit from Cleveland, O.

Shot for His Surrender of Ponce. Madrid, Aug. 5.—An official dispatch from San Juan de Porto Rico says that Col. San Martin, who was in command of the Spanish garrison at Ponce, has been court-martialed and shot for abandoning the place without resistance. Lieut.-Col. Putz, second in command, committed suicide.

Not Afraid of Yellow Fever. Springfield, Ill., Aug. 5.—The Eighth Illinois regiment has offered to go to Cuba to take the place of the First regiment, which is suffering with the fevers that abound at Santiago, and which, through its colonel, has asked to be removed from the death trap of Southern Cuba.

Ninth Goes to Florida. Springfield, Ill., Aug. 5.—Col. Jim Campbell's Ninth regiment left Springfield today to join Gen. Lee's army in Florida.

NOMINATE STATE TICKET.

Indiana Republicans Choose Their Candidates.

Indianapolis, Ind., Aug. 5.—The republican state convention consumed the entire day Thursday in making up the state ticket.

Before proceeding to make nominations a resolution authorizing the chairman of the convention to send to President McKinley a telegram of greeting and congratulations for his "wise administration of affairs, both in war and in peace," was adopted.

For secretary of state Joseph C. Chaney of Sullivan county, Charles F. Coffin of Marion county and Union B. Hunt of Randolph county were presented. Hunt was nominated on the first ballot, receiving 809 votes.

For auditor the ninth district presented the name of William H. Hart of Clinton, and the same district named David E. Sheerick of Hamilton. The vote resulted in the nomination of Hart, who received 1,013½ votes.

For treasurer Leopold Levy of Huntington county was nominated. W. L. Taylor of Marion county was unanimously selected for attorney-general. For clerk of the supreme court Robert H. Brown of Johnson county was the successful candidate.

E. G. Machan of La Grange and Frank L. Jones of Tipton were the contestants for the school superintendency. Jones was successful in securing the nomination. John H. Conner of Marion county was named for state legislator.

Wills S. Blathley was named for state geologist. For judges of the supreme court named: First district, Robert Dowling, Floyd county; third district, J. V. Hadley, Hendricks county; fifth district, Francis E. Baker, Elkhart county.

The convention adjourned at 5:30 o'clock and the delegates took the night trains for their homes.

Less Anxiety Felt as to the Philippines.

AGUINALDO MORE TRACTABLE.

Insurgent Leader Is Not Expected to Make Any Opposition to Our Plans—Effort Made to Persuade the Archbishop to Capitulate.

Manila Bay, Aug. 1 (via Hongkong, Aug. 5).—Fathers McKinnon and Doherty of the American army entered Manila today under a flag of truce to consult with the archbishop of that city and endeavor to persuade him to agree to the capitulation of the Spanish forces. It is hoped that they will be able to convince him that the Americans are not enemies of his church in any sense. The surrender of Manila without a bombardment depends on the archbishop's inclination in the matter. Capt.-Gen. Augustus being willing to turn the city over to Gen. Merritt.

The Astor battery and a battalion of infantry have advanced to occupy the insurgent trenches before Malate. The insurgents have withdrawn from that important position.

United States Consul Williams has held a consultation with Aguinaldo to induce the latter to comply with the American plans in the Philippines. Aguinaldo asked permission for the insurgent soldiers to follow the American troops into the city after its capitulation. He also requested that American officers be appointed to command the insurgent regiments.

AGUINALDO MORE FRIENDLY.

Hope Expressed That Trouble with the Insurgents May Be Avoided. Hongkong, Aug. 5.—The New York World correspondent cables Manila advices of July 30 that Aguinaldo has asked permission of Gen. Merritt to march his troops through the streets of Manila when the city falls. Gen. Merritt may give his consent, as Aguinaldo is becoming more friendly to the Americans. He suggests the formation of Philippine regiments with American officers. This suggestion is being well received, as it offers a possible solution to the present difficulties.

To Hold All of Luzon. Washington, Aug. 5.—It would appear from an interview which Representative Dooliver, of Iowa, gave to the press after a conference with the president that the administration has decided to retain the entire island of Luzon in the solution of the Philippine question and to permit Spain to exercise sovereignty over the remainder of the group. While Mr. Dooliver does not pretend to express the president's views, it is generally believed here that his statements are based upon information he obtained while at the white house. Mr. Dooliver adds that Aguinaldo has been guilty of treachery, and his punishment is postponed only until its method can be determined.

LONG STRIKE IS AT AN END

Union Men Resume Work in Large Numbers Yesterday

Oshkosh, Wis., Aug. 5.—The developments afford promise that the woodworkers strike, after continuing three months, is practically ended. There was no disturbance whatever, and the crews thus far obtained in the various mills are proving sufficient at present to handle the greatly curtailed amount of business. The second day of the commencement of operations by the mills has resulted in a large increase in the number of employees. The number at the mills yesterday was 390. Today fully 100 have been added to that number. It is confidently expected that every day will see a decrease in the number of strikers and an increase in the number of employees. Every concern has a great many applications for work from former employees who are holding off a day or two before beginning work in order to be perfectly sure that their lives are not endangered. Of the 100 new men who started in today most of them are union men. It is believed that in a few days affairs will resume the normal condition.

A Wedding in Spain.

There are no bridesmaids at a Spanish marriage, but a madrina (literally god-mother) is always present with witnesses. The bride does not enjoy the luxury of a wedding cake, though there is a reception and often a feast after the ceremony. The house which is to be her new home is always furnished and ready before the marriage, so that it may be complete when the couple enter it, as they do not start for their honeymoon till the day after the wedding. Before their departure a polite visit is paid to their respective parents. When they return, dainty sweetmeats, in elegant boxes are sent round to their friends. No visits are paid till little cards are circulated "offering their house." In Andalusia and other parts of Spain all the wooing is overheard by the duenna.
